Hi,

We are looking to run an article regarding the Neo-Nazi demonstration in Sydney at the weekend.

The demonstration has been widely condemned, including by NSW Premier Chris Minns and the Jewish Council of Australia, among many others.

Can we please get responses from Ms Jillian Segal to the following questions by 5pm today.

1. As Australia's Antisemitism Envoy, do you denounce the Neo-Nazi rally at the weekend?
2. Do you believe such rallies should be banned?
3. Since delivering your Antisemitism Report, have you or have any other members of ASECA made any representations to, or lobbied, the Federal Government on any matters, and if so what?
4. Since delivering your Antisemitism Report, have you or have any other members of ASECA made representations to, or lobbied, the NSW Government on any matters, and if so what?
5. Have you or any other members of ASECA made representations to, or lobbied, the NSW Government seeking tighter laws around protest activity?

Thank you,

Anthony Klan
